FENCE-DECK
SOLUTIONS

The Solution to all your Fencing needs!

LIFETIME
WARRANTY

At FDS we manufacture a range of Tyton® PVC Fencing and Decking products which include:

- Residential Fencing
- Picket Fencing
- Pool Fencing
- Horse/Rural Fencing
- Tyton® PVC Decking

All of our Tyton® products are manufactured using the latest extrusion techniques and the highest quality materials enabling FDS to provide lifetime warranties on all of our Tyton® products.

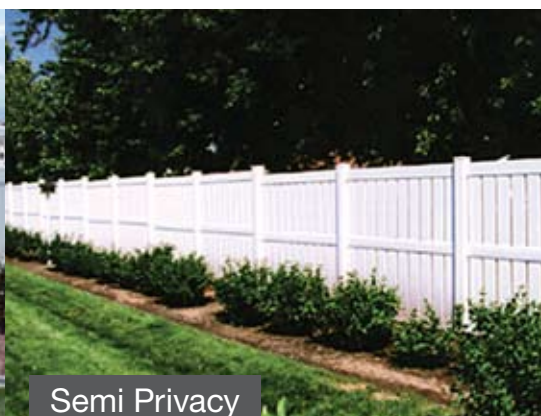

Our products are easy to D.I.Y. or we can install.

The benefit of a Tyton® PVC Fence compared to other types of fencing:

- No rusting or corrosion
- No sharp edges or visible fixings
- No warping, splitting or twisted timber
- No splinters
- No termite problems
- No painting or sealing
- No maintenance
- Lifetime warranty

Lattice top

Picket Top

Tyton® PVC Privacy Fence

- Tyton® PVC privacy fence is available in 3 colours: White, Fawn, and Sandstone.
- Tyton® PVC fence is available in 3 different heights: 2.1m, 1.8m, and 1.5m.
- All Tyton® PVC privacy panels are 2.4m wide (8ft)
- Tyton® PVC privacy fence infill panels are a tongue and groove design which offers exceptional strength and appealing looks.
- Tyton® PVC privacy fence is available in solid privacy, semi privacy, picket top and lattice top.

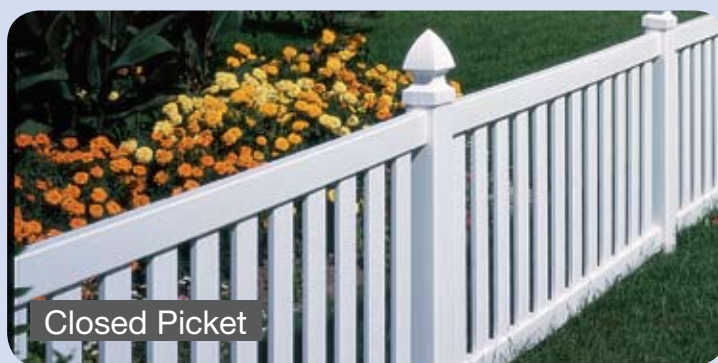

Tyton® Traditional PVC Picket Fence

Traditional white picket fences are attractive but have too many maintenance problems. With a Tyton® traditional PVC picket fence you get the attractive looks of a timber fence but with none of the maintenance issue of timber.

Available in 1.2m & .9m heights. Picket fence sections are 1.8m wide (6ft).

Tyton® PVC Closed Picket Fence

Tyton® PVC closed picket fence is very similar to a traditional picket fence but instead of the picket protruding the top rail it finishes into the rail as shown right.

Tyton® PVC Pool Fence

Tyton® PVC pool fence is an attractive way to secure your pool and does not have the corrosion problems of the other types of fencing. Steel fencing can rust and powder coated aluminium fencing can peel, blister and flake away.

With a Tyton® PVC fence you have none of these problems plus there are no sharp edges or screws and you have the comfort of a lifetime warranty.

Tyton® PVC pool fence are available in 1.5m and 1.2m heights. Pool fence sections are 1.8m wide (6ft)
