

FDS

FENCE-DECK
SOLUTIONS

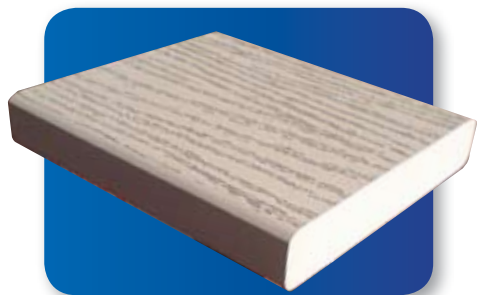

The Solution to all your Decking needs

50 YEAR
WARRANTY

The benefit of a Tyton® PVC Deck compared to other types of deck:

- Longest warranty in the industry
- No warping, splitting or twisted boards
- No splinters
- No termite problems
- No sealing of boards ever
- Unlike composite boards, Tyton® PVC boards are manufactured with no wood pulp making for a much more durable deck.

All of our Tyton products are manufactured using the latest extrusion techniques and the highest quality materials enabling FDS to provide lifetime warranties on all of our Tyton® products.

Deck boards are 138mm wide, 25mm thick, and 4.88m long. Available in Sandstone, Fawn and Grey.

Easier to keep clean
than Timber and
Composite decks
